

Military

Under the watchful eyes of Capt. Waddy Thompson, P. M. S. & T., and Capt. W. R. Padgett, Band Director, along with the assistance of cadet officers, the Corps of Cadets has developed into a smooth functioning organization.

Our military courses, including close order drill, tactical training, and maneuvers, are varied and interesting. Although drill becomes routine we realize it is designed to develop us as leaders, and to make us better citizens.

Capt. Padgett has fitted a schedule for band members to be divided into separate groups in classrooms for individual attention as well as working in unison. Several exhibitions have been preformed by this organization at out of town happenings. We are proud of our record as best band in the state.

Sunday afternoons are set aside by many local families and visitors to review the dress parades executed by the Corp of Cadets.
