

BUGLE

The editor and the staff of this year's "Bugle" take this opportunity to thank the faculty and the corps of cadets for the untiring efforts they have put forth in making this year's paper a success.

The Carlisle "Bugle" was a comparatively small organization at the beginning of school, but gradually worked into the smooth functioning group it is now. We have been kept quite busy trying to keep the cadet corps well informed on the happenings around school.
