CAPT. E. W. BURNETTE

CAPT. JAMES T. BURCH

CAPT. GILBERT A. HOFFMAN

THIS YEAR'S SQUAD was handicapped because of its inexperience, but with the help of Coach Burnette and a few returning lettermen the boys began to function as a team. Although faced with this difficulty the whole squad dug in its cleats a little deeper, charged a little harder, and tackled with a little more ferociousness.

To Coach Burnette goes the credit for giving the student body a team of which it could be truly proud. Considering the time and difficulties brought on by the inexperienced, it is hard to realize just what a fine job he did.

The boys worked hard every afternoon on the important fundamentals of football and their efforts were reflected during the games by their hard won victories.
