

ORCHESTRA

Again this year the "Carlisle Brigadiers" displayed an array of talented young musicians. The orchestra is made up of a number of chosen members from the school band. They are selected after being auditioned by the school's Director of Music. This organization offers a wonderful basis and unsurpassed training to any cadet interested in making music his profession.

Under the faculty direction of Capt. William Scaffa, and student leader, Arthur Albrecht, the music makers brought to the cadets and their guests many evenings of dancing and listening pleasure.

The "Brigadiers" play for all school dances, and perform at various types of outside engagements.

The student body is proud of its fine orchestra and are grateful to each "Brigadier" for his interest, work, and co-operation in displaying such a successful year of excellent musical entertainment.
