

# NON COMM CLUB

The Non-Commissioned Officers' Club is in every sense of the word, an officers' club; therefore it is one of the best organized clubs on the Carlisle campus. Membership in this club is limited to the cadets who have acquired the rank of a Non-Comm.

Without their full co-operation very little could be accomplished, for they are undoubtedly the backbone of the corps of cadets. The success and discipline of the entire corps rest directly on their shoulders.

These men will soon rise from the proud ranks of this group to become Commissioned Officers.
