

# FOREWORD ---

As we unfurl the curtain upon our stage of cadet life, our hope is that this presentation will display and reveal for your inspection and investigation, a true and authentic portrayal in pictures and print of the normal daily life of a Carlisle cadet.

With our step into the passageway of life, let us remember the foundation of freedom and liberty upon which our great America has been built, and let us ever strive to uphold the innumerable merits, virtues, and sacred privileges of our nation, never failing or faltering in our strides forward.

If our presentation brings pleasure and enjoyment to you, all our efforts and endeavors will have been rewarded with the ultimate measure of appreciation.
