

BATTALION

The observing guidance and careful, watchful supervision of Captain Waddy Thompson, P. M. S. & T., and Captain William Scaffé, Band Director, combined with the unfading, unflinching leadership of the cadet officers, has molded this year's battalion into a capable, trustworthy military organization, which has performed its duties and assignments with a maximum degree of skill and ability.

The training schedule of the battalion includes class instruction twice weekly on military science and tactics, and a daily drill routine, conducted under the strictest rules of discipline. A formal, conscientious inspection of equipment and quarters is held each Saturday morning, with the spectacle of the week, the dress parade following on Sunday.
