

THE HONOR COUNCIL

The Honor Council, one of the most honorable organizations on the campus, is composed of the cadet captains, and functions under the capable guidance of the cadet major and faculty advisor, Capt. Waddy Thompson.

In the event that a cadet's conduct is such that it brings dishonor upon the Corps of Cadets, he is brought before the Honor Council for a hearing to determine his innocence or guilt.

After hearing all the testimonies concerning the case, it is the duty of the Honor Council to determine a just punishment for the offense committed. However, before any official action is taken, the verdict and punishment are submitted to the Headmaster for his approval.
