

The Carlisle Faculty is the nucleus of the school. By their untiring labor and effort they have made this institution what it is today. Any cadet who has a problem, no matter how trivial, can go to any member of the faculty for guidance.

Leading the faculty is Lt. Col. Grimes, Commandant of Cadets, whose work it is to see that the Cadet Corps operates smoothly.

Now that the work is in such a frenzied state we realize that we will be on our own in a short time. To the faculty we owe the folding of our lives and our only wish is that we may live up to all of their expectations of us as citizens of our nation and of the world.
