The Block "C" Club has been formed for the purpose of distinguishing the outstanding men in their respective fields of athletic endeavor. Membership in the club is limited to those cadets who have earned a varsity letter in one of the three major sports. Unlike the other organizations at Carlisle, the entrant must undergo a strict initiation before he is granted membership.

The Club acts as sponsor for various parties, socials, and intramural athletic events. The highlight of the Club's yearly schedule is the annual banquet which is held at Barnwell State Park.
