

CROSS SABER CLUB

Membership in the Cross Saber Club is limited to cadet commissioned officers. Its purpose is two-fold: First, to provide a discussion group in which each member has an opportunity to freely express himself and to develop ideas for making a better school; and second, to provide for its members an outlet for social activities to be enjoyed with others who share a great responsibility in the Corps of Cadets.

The club succeeds admirably in both objectives. Many constructive ideas have come out of its regular meetings, and its social activities are much enjoyed and long remembered by its members.

Because of the high standards of its members, belonging to this club is highly coveted by Carlisle Cadets. Its membership is the leadership of the Corps.
