

THE TRAINING CADRE

This year's Training Cadre, headed by Cadet Captain Joe Kershaw, is the second of its kind at Carlisle. It is composed of a picked group, chosen for their military superiority, leadership ability, and character. The purpose of the Cadre is to instill the basic fundamentals of close-order drill into the new recruits, and in this endeavor they were eminently successful. Due to the past successes that the Cadre has enjoyed, this method of training will undoubtedly continue to be used at Carlisle.
