

# CROSS SABER CLUB

The most distinguished organization at Carlisle is the Cross Saber Club. To be eligible for membership, one must have proven himself worthy by being selected as a cadet commissioned officer.

Duty, Honor, Loyalty, and Tradition are the principles on which the club is based, and its members are encouraged to set an example for other members of the Corps to follow. The club also fosters a constructive spirit for building a better school by its many projects.

Members of the club enjoy the privileges of a clubhouse, where they can relax socially during their leisure hours. The members also enjoy several social outings during the year, to which the faculty is invited, thus bringing about a closer relationship between the two groups.
