INTRAMURALS

CAPT. MALIN THREATT
Advisor

Intramurals are held for all cadets who do not participate in varsity sports. There are eight teams under the leadership of a cadet manager. The intramural program is supervised by a faculty officer. Each team participates in all of the seasonal sports, including football, basketball, and softball. The rankings in these particular sports are indicated by points. At the termination of the year the final champion is decided by the most points. Intramurals at Carlisle not only give each and every cadet something to do, but they also bolster morale.
