The Block "C" Club is a club for the boys who have earned a varsity letter. The Club offers a little extra recreation and privileges to those who have worked hard at earning a varsity letter.

To be eligible for the Club, you must have earned a letter and be accepted by the old members of the Club.

The Club has two initiations a year, one after football season and one after baseball season followed by a party after each initiation. The big party is at the end of the year when all the faculty is invited.
