BOB EYERLY
President

This year was long and rough for all of us. Although we've had to study hard, it's been worth it. The good times that we have had will always be lasting memories.

Now that we've become Juniors, let's work hard and make next year's Junior class the best one yet.

Along with Bob, Flip, and Geoff, I wish you success and happiness in the days to come. I hope to see you as friends and classmates again next year.

Sincerely,

BOB EYERLY,
President.
