

The Block "C" Club is an organization of the boys who have lettered in a varsity sport. To join the club is no easy task; first, the nominee must be officially appointed by his coach or faculty advisor, and then he must be able to meet the requirements of the Block "C" initiation, portions of which are shown below.

Any boy who gains membership in the Block "C" Club can be justly proud of himself.

During the year, the Block "C" Club engages in various social activities, such as parties and field trips, and the cadet member gets a chance to perform as an integral part in the tradition of this worthy club.

INITIATION
