

RISHER RIFLES

In the past, the Carlisle drill teams have been mainly a touch-and-go affair, but this year, Cadet 1st Lt. Duard Bradshaw fielded a highly successful and talented group.

Starting with new cadets, adding a few experienced hands, and initiating hours of hard instruction and practice, paid off. This year, The Risher Rifles represented Carlisle at many parades and gave performances at nearly every dress parade. The Cadet Corps realized very soon that The Risher Rifles were something to be proud of, for their precision drilling, military bearing, and general appearance enhanced many a Sunday afternoon.

The REBEL Staff, then, realizes that The Risher Rifles are the elite of Carlisle, and to Lt. Bradshaw and his men we say: "Thanks! We are proud of you."

OFFICERS. *Left to Right: GIROT, BRADSHAW, COX.*
