## THE STAFF ORGANIZATION

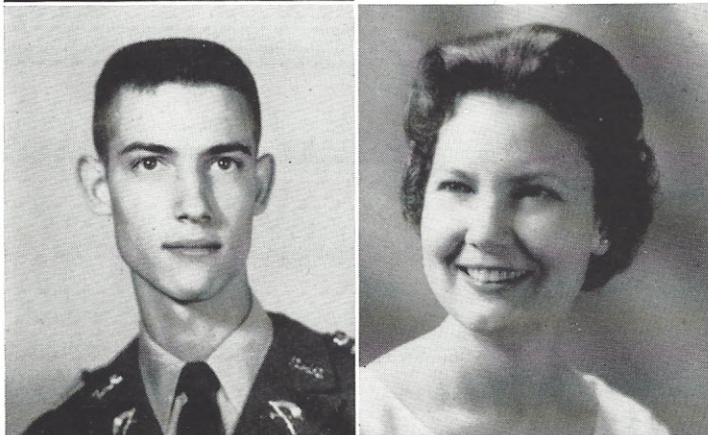

MAJOR WADDY THOMPSON  
*P.M.S.*

BERRY MURRAY  
*Major Executive*

As is true in most institutions of its type, the staff is the real backbone of Carlisle. In the past few years the responsibilities which have been placed in the hands of this select group have grown to such a degree that they have been almost completely entrusted with the school's military and honor systems.

The REBEL wishes to salute these men on the commendable job which they have performed in the past year.
