LT. COL. THOMPSON
Advisor

This year the commissioned officers have enjoyed a fine time. In their three-year-old Club House, built in Dedication to Donald M. Custard, they enjoy some mighty fine steak suppers, and manage to keep the phone always off the hook. In the past three years much has been accomplished. First the building of the Club House and Picnic Area and

next the sponsoring of a One Hundred Dollar Award to the Cadet who is most worthy and meets the requirements.

All commissioned officers are deeply indebted to Col. Thompson for all his advice and work; without him there would be no Club.
