The N.C.O. Club was originated approximately four years ago and during the elapsed time a new clubhouse has been built adjacent to the old one. It is conveniently located on the campus and provides a place of recreation and relaxation for its members. In order to have a small but steady income, doughnuts are sold regularly by the members.

This money is then used to purchase furniture and it also provides for two or three suppers during the year. We probably would not have advanced this far had it not been for the guidance given by Major Jack Steadman. We all wish to express our thanks to him for his hard and never tiring work.
