1970 Risher Rifles

SKIP SWIERCZYNSKI
Commander

Under the expert and precise supervision of Command Sergeant-Major Murray, and the conscientious leadership of Skip Swierczynski, the Carlisle RISHER RIFLES put on a series of splendid exhibitions throughout the state this year. Accompanied by the Band, Color Guard and the Banner Carriers, the Drill Team performed in the Christmas parades at Orangeburg, Moncks Corner, Bamberg, and Bowman. In the spring, when Dress Parades recommence, the team's performances are always an exciting treat for cadets and spectators alike.

The team's climaxing event for the year is the annual trip to Savannah, Georgia, where it will perform in the Saint Patrick's Day Parade, and, later, participate in the festivities around town.

A passing glance at the team any day during routine practice is evidence sufficient of the team's exceptionally high spirits, and for this, Sergeant Murray and Skip are to be extended special commendations for their efforts, which have always proved above and beyond the call of duty.
