

Le Renard et le Singe.

Thanks to the Cero Staff's painstaking efforts in decorating, and Colonel Sturgeon's excellent choice of entertainment, this year's cadet corps attended some of the swingin'est, groovin'est dances ever to be held at Carlisle.

Under the supervision of Colonel Sturgeon, Jimmy and his staff of assistants spent literally days, decorating the gym and preparing the stage for the many dances. As always, their efforts were infinitely successful.

The Christmas formal preparations represent the Cero Staff's peak performance. In this season, Jimmy's arboreal abilities are particularly indispensable, as the enhancement provided by the suspended Christmas tree testifies.

As a voice for the Battalion, the *Rebel* Staff would like to express appreciation for their diligent efforts, and commendations on a job "bien fait."
