

ON PARADE

The Drill Team is a company which consists of the twenty-seven best-drilled cadets in the school. Of these twenty-seven select cadets, only the top sixteen members comprise the "Crack Drill Platoon," better known as the CARLISLE RISHER RIFLES. These sixteen men represent the Best of the best, and are chosen to perform at Sunday Dress Parades, and to represent the school at local Christmas parades, and numerous competitive events throughout the state and nation. For obvious reasons, the Drill Team is the winningest and most spirited team at Carlisle.

Last year, the Drill Team took first place honors at the State Championship events in Orangeburg. A week later, they attended the Junior ROTC Drill Team Competition at Fort Myer, in Washington, D. C., and, competing against fourteen nationally-known drill teams, placed fifth.

In addition to their annual Christmas parade performances, the Drill Team also performs in the Saint Patrick's Day Parade each year, in Savannah, Georgia.

Under the superb instruction and supervision of CSM John Murray, and the command of Captain Fred White, the Drill Team had a sensational season (as always), and eagerly anticipates returning to all the places it performed last year. In addition to its regular itinerary, The Drill Team plans to attend the Second Army Junior ROTC Drill Team Championships at Fort Benning, in August, Georgia.

The REBEL STAFF would like to personally commend and congratulate the members of the Drill Team on their past achievements, and wish them the best of luck, in the future.
