

As our time runs out, and future plans are made, I would personally like to congratulate the 1973 Rebel Staff on an excellent job. The long nights of endless work were not in vain.

Just knowing the Seniors of "73" would have something to remember our school by, was enough to keep us trying.

Time was short; knowledge little; but as time went on, we became familiar with our job and with the help of cadet specialists the Rebel Staff combined this book of memories.

Speaking on behalf of the Annual Staff, I would like to congratulate the Seniors, wish them the best of luck in the future, and present this book as a lasting memory.
