

# PORTRAITS *"For those who can SEE the difference"*

WE SPECIALIZE in fine portraits which emphasize character and distinction. Our portraits will show you at your very best.

The same portrait, appropriately framed, becomes a remembrance of you at home while you're away, or a gracious gift for loved ones.

The portraits in this year book were taken in Sparkling Living Color and can be finished into any size portrait for your home.

Call or write for a price schedule!
