

Fun in the Sun

Spending the summer near the coast

Before reaching Alaska Kevin, spent most of his time soaking in the hot tub. "It was really neat sitting in the heated pool watching the ship float by huge chunks of ice," junior **Kevin Kinard** said.

Kevin spent the opening days of his summer on a two week cruise to Alaska. "The cruise was some kind of fancy stuff," he said.

He spent seven days on the ocean with a five day off shore excursion. While on

the boat, before reaching Alaska, Kevin won a trophy for imitating Brittany Spears. He entered himself into the contest, and because he looked so much like her, he won!

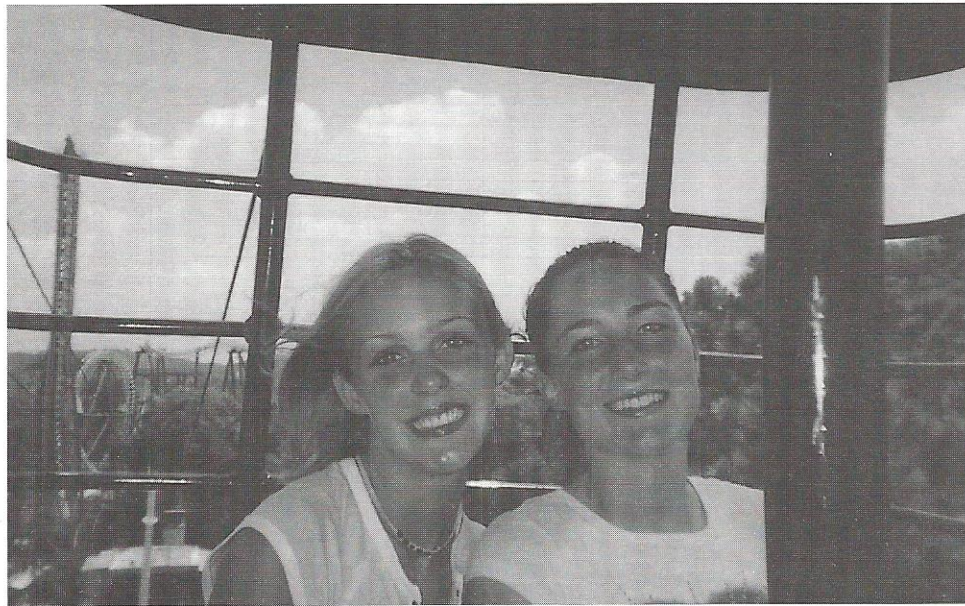

While meandering around the boat, Kevin mainly enjoyed the scrumptious food. "You could get whatever you wanted, whenever you wanted it," he said.

He spent time on board traveling to Skagway, Juneau, Anchorage, and

Seward. After getting off at his final port, he boarded a train for more touring. Tiredly making his way on ten hour long train rides, Kevin started to miss home. "I love my momma," Kevin admitted.

On day seven, Kevin left the boat for good, but continued to travel. Kevin said, "I will remember this cruise forever, not only the places I went, but how I reacted being away from it all for two whole weeks."

Up, up, and away! Riding on the air lift at Six Flags, Sophomore **Erin Bunton** enjoys the view with her friend Christina. She enjoyed this trip with the camp she attends every summer.

Snuggle up! Senior **Ellie Regalado** had a dinner date with Chip, in Walt Disney World at Chef Mickey's. "I love going to Disney because I get to spend time with my family who lives in Florida," Ellie said.

My what big teeth you have! Frightened for his life, Junior **Kevin Kinard** spent two weeks on a cruise to Alaska. To calm him down, he relaxed on a Carnival Ship that met his every need.
