Jack Of All Trades

Furthering skills for the future

From brick masonry to health occupations, the variety of choices abounded at the Vocational School. The courses that the students took helped prepare them for their future careers. " I took culinary arts so when I get older I'll know how to cook for myself and not have to depend on anyone else," senior **Reggie Stephens** said.
Many of the courses required basic skills in those areas. " To do good in auto technology you need to know how to use different tools, as well as follow directions," junior **Keith Maloney** said.
To join some of the clubs it required a small fee. Web designing and DECA both cost $15.00. " If I could change one thing about web designing, I'd change the fee, because then maybe more people would join," junior **Joy Wiggins** said.

Some classes required certain clothing such as shoes, safety goggles, gloves, aprons, and uniforms. " In welding we have to wear long sleeves, overalls, leather boots, safety glasses, lether gloves and a welding shield," junior **Herbie Fennell** said.
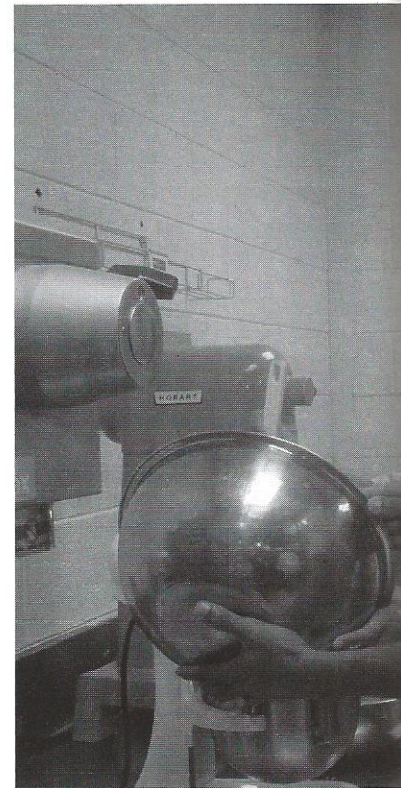

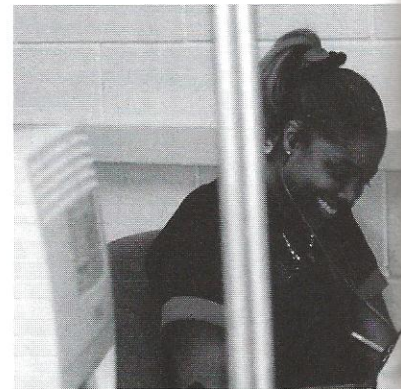

- Ashley Fennell

" I really like drafting because I like to draw a lot and may one day build my own house." sophomore **Adarian Pinckney** said..
" I was very tired and decided I'd take a nap instead of helping my classmates with the welding project." sophomre Keith Myers said.

" I didn't eat eat school lunch because I knew we were going to the canteen so I decided to stock up when I came to the Voc.." junior **Jessica Stephens** said.

ALTON 12

Senior Alton Chisolm wakes up after taking a long nap in his Accounting II class. Alton practiced new skills and perfected old ones at the same time. " I was tired and didn't feel like doing anywork so I went to sleep." he said.

JERSEY 12

Senior Jersey Green happily smiles after finally completing his wall in bricfk masonry. "At first I didn't like the job, but began to love it as the days passed and I got a lot of good complimaents." he said. Jersey planned to pursue his career in the future as a well known brick layer.
