

CHARGING THE NET

With a full season ahead of them, the varsity boy's soccer team launched to a new season. They accomplished their main goal which was to work as a team. "I enjoyed working together with the team this past season," senior Kevin Kinard said. Their cooperation with one another landed them at the top, with a great season behind them. With the ball in the net and the cougars' hands raised triumphantly in the air, the team made many goals. Practice makes perfect, that's how the old saying goes; however, "I don't think that we should have more practices, but I do believe that practices would be more effective if they were lengthier," Taylor Smith said.

-Lastanza Rivers

Sophomore Jacob O'Quinn accidentally kicks the soccer ball into the path of the opposing team scoring for them. "I was sending the ball up field to Eric and it didn't go as planned," Jacob said.

Senior Robert Pence's legs get twisted as he kicks the soccer ball. He tried to keep the team in the game by scoring a goal. "I like playing soccer it is a hard sport but I enjoy playing," Robert said.
