

Mr. Haynes talks to the coach from Beaufort High School about their most competitive runners on the team. Mr. Haynes coached the track team for the past five years.

# COOL RUNNING

## CARRYING THE TORCH

Aiming for State at the beginning of the season, the track team put in a lot of hard work and dedication trying to meet their state goal. The team did qualify one runner for State and coach Rickey Haynes, felt the hard work had paid off. "A lot of our athletes showed considerable improvement by the end of the season," he said.

Next year the team hoped that new talent would send even more runners to the state competitions. "I definitely plan to join the team again next year," junior Novi Umder said.

Freshman Charlie Anderson attempts to jump over the hurdle and succeeds. He ran track for the first time this year. "I enjoyed being in track, it was just something I liked to do," Charlie said.

Former Junior Nicole Cummings takes a turn at the shot-put while Mr. Haynes looks on. "As a member of the track team I really enjoyed the field events. Being number one in shotput and disc, I plan to continue this year and do my very best," she said.
