## Catch the vibe!

With their hearts and minds set on winning, the varsity football team did an excellent job this season. Sacrificing time with family and friends they worked hard to make their season a success. "Sacrificing time with my family and friends is the hardest thing about football," senior Ramoan Tyler said.

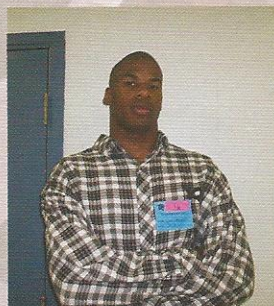

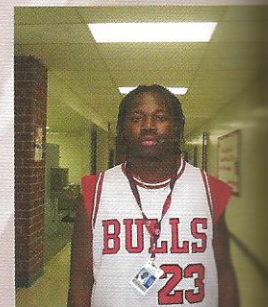

A five game winning streak gave the team a sense of pride, they stepped up to the plate striving even more to win. "I think the teams performance this year was great, everyone put forth the effort. That's all it takes to have a winning season," junior Kevin Brown said.

Going into the game usually as the underdog proved to be an added plus for the Cougars. "I think the team did good because we won Conference, and region and made it to the playoffs," junior Jaquan Hamilton said.

The football team this year set a very positive vibe for the players to come back to. They proved that striving for the best can really pay off when you have your goals in mind and the courage to reach them.

"We had a very good year. We put in a lot of work in the weight room and on the practice field and it paid off in the region. Hopefully next year the team will pick up where we left off," senior Joe Council said.

"The team was awesome. We really gave it our all this year," senior Sam Brown said.
