

Winter [FASHION]

1. Johnathan McAlhany was waiting for the bell to ring so he could get to class. "I like winter a lot more than summer, my style is a mix between Goth and Emo," said freshman Jonathan.
2. Matthew Andrews was hanging out in the hall with his friends. "I usually wear long John sleeves so I don't have to wear a coat," said junior Matthew.
3. On the way to class Drittney Nesbit stopped to take a quick picture for the yearbook. "I really don't like those puffy coats, I always were just a regular jacket in the winter," said freshman Drittney.
4. Senior Dillion Risher was taking to a friend. "During the winter I mainly wear a Carhart jacket and jeans with duck boots," Dillion said.
5. Freshman Christian Murdaugh was telling a friend about her most recent news. "I wear jeans, Carhart jacket and Sperrys or duckboots. My favorite brand name is American Eagle," Christian said.

Dundling up for winter is becoming more about warmth with style than just looking cute, but this winter its been pretty warm outside so the need of big puffy jackets aren't really necessary. The girls tend to wear thin long sleeve shirts with cute jeans and it's pretty much the same for the guys. As always though the flip-flops are wore year round.
