Junior Varsity Football has put in lots of practice hours the past year to work on perfecting their season. Many students look up to the football players as role models, putting them in the spotlight throughout the year. Through their wins and loses they struggled to make a good season. JV had a good season this past year. "I play running back because I want to have an impact on the whole entire game," freshman Kalin Johnson said. The CCHS students will continue to cheer for the team and hope for continual success.
