

What

car

You're all about raw power. You're tough, you're loud, and you don't take crap from anyone. Leave finesse to the other cars, the ones eating your dust.

Dodge

Viper

"I think the Dodge Viper is a good car for me because it's powerful and so am I," junior Megan Long said.

"I think it's hot, like me. haha! :)." sophomore Katelyn Bonner said.

You're a classic. Powerful, athletic, and competitive. You're all about winning the race and getting the job done. While you have a practical everyday side, you get wild when anyone pushes your pedal. You hate to lose, but you hardly ever do.

Chevrolet

Corvette

"I'm a down to earth person but I do have my wild side," junior Katie Varn said.

"The Chevy Corvette is a very nice car. I think that I would be like one," senior Caleb Blankenship said.

"I think this is a little odd since it's my boyfriend's favorite car," sophomore Katelyn Sutfon said.

You have a classic style, but you're up-to-date with the latest technology. You're ambitious, competitive, and you love to win. Performance, precision, and prestige. You're one of the elite, and you know it.

Porsche

911

"I think the Porsche is bangin period!" senior Justin Barra said.

"I think it's a great car to symbolize me because of its detail and sleekness," freshman Edward Kim said.
