

Our Favorite Teachers

Years go by and many classes have been taken to decide who their favorite teacher is. Narrowing it down may be hard, but when

it comes down to it, your satisfied with your answer. Ways to determine a favorite teacher may consist of the following: humor,

extra bathroom passes, one on one attention, food in class, the way a class is taught. Those are just a few things kids use to decide.

Junior Cynea Blocker was hanging out with a few of her friends during 3rd lunch. "Mrs. M. Crosby is my favorite teacher of all times. She doesn't just teach for the money, she teaches because she cares." Cynea said.

Senior Caleb Creel was working on some of his class work for next period. "Mrs. Bell doesn't ignore us even when we ask a lot of questions, and she makes math fun." Caleb said.

Junior Jasmine Pinckney was heading to her favorite teachers class Ms. Gant 3rd period. "Ms. Gant is cool and down to Earth. She sees us for who we are." Jasmine said.

Junior Candace Smoak was headed to her locker for some books. "Mrs. Hood would have to be my favorite teacher. She is one of the nicest teachers ever. She actually works with you to help you learn." Candace said.
