

Beautiful Sensations

Do You Like Art??
 Yellow-No
 Purple - Yes

When Art comes to the brain, you think Picasso, Michael Angelo, and Leonardo da Vinci. At CCHS, we see art as we turn each corner and enter every art room. Art is what

and where you make it. We searched high and low, and our artists, were right here the whole time. From sketch art, collages, mosaics, and paintings, we seem to enjoy

every type of expressional art. From art class to home bound, art its all art. The beautiful sensations of CCHS.
