Senior Katelyn Willis was joking around while she practiced her health science skills. "I like it because it helps me explore different careers in the medical field," Katelyn said.

Senior Amanda Lemacks was practicing mouth care in second period. "The best thing about HOSA is going and meeting others that share the same interest in helping others," Ashley said.

Senior Gail Risher was preparing to complete one of her checkoffs in first period. "The best thing about HOSA is you get to compete and a lot of my friends are in it," Gail said.

Senior Lauren Barrett was in 1st period practicing the skills she learned. "Competition is the best thing about HOSA," Lauren said.

Senior Rebecca McAlhany took a picture for her first day in uniform. "The best thing about HOSA is the experience and just having fun," Rebecca said.

Senior Amber Garvin was at the track with one of her good friends. "I like HOSA because it is a really good experience," Amber said.

Ashley Shider took a picture on the first day of wearing uniforms. "The best thing about HOSA is being introduced to the health field," Ashley said.
