

# HOSA

Students who go into the health field after graduation.

Students who go into other fields after graduation.

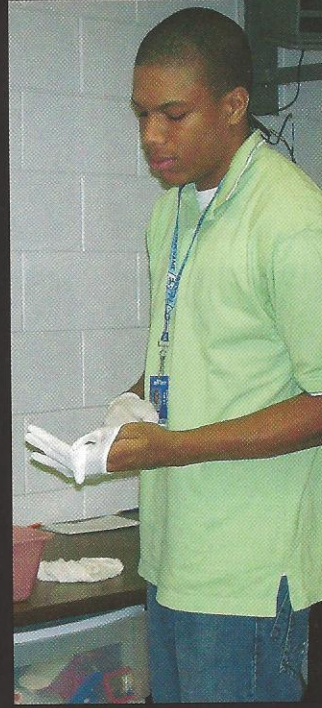

**What is HOSA? Hosa or Health Occupation Students of America is a program that lets students prepare for a career that they want to go to in the medical field. Hosa students get to compete in State competitions and National competitions. It is a great experience for students here in high school.**

Senior Dakotah Kittrell just got done competing in a HOSA competition in Nashville. "The best thing about being in HOSA is you get to go to National Competition and you have the chance to meet other occupational students in other states," Dakotah said.

Senior Danielle Gadson was sitting in her Clinical Class during first period. "This is my first year in HOSA and the teamwork would be the best thing about being in HOSA," Danielle said.

Senior Jonathon Gordon was preparing to complete one of his Health Science skills in first period. "HOSA prepares you in going into your health profession that you choose," Jonathan said.

Senior Belinda Fryar was hanging out with friends at second lunch. "HOSA helps me learn about diversity and it's a great way to network," Belinda said.
