Bianca Barra rides in on the decorated tricycle for the Freshmen class. When asked if it was fun to ride in on the tricycle, Bianca responded, "It was fun, but it hurt cause my feet couldn't fit and it was kinda awkward with everyone looking at me."

Schools all over enjoy having pep rallies to get the student body pumped for the big game. All have their own way of making their pep rallies fun and entertaining.

Games were played here at CCHS such as the animal game, where students acted like animals and had to find their partner, and Mock Homecoming, this was when guys dressed up as the homecoming court and the girls dressed up as their escorts. These types of activities help get the student body more involved in school spirit.
