Quintin Cunningham rises to ask a question concerning the uniform policy. Most students were against the new dress code.

The school board not only makes decisions for our school system, but also for the entire county. For the first time ever, our students, with the encouragement of Mrs. Nettles, took a stand and got involved. Mrs. Nettles' English IV (H) class put together a school board forum to hear the thoughts and beliefs of the current and prospective school board members. Questions were prepared for each of the candidates, and each of them were able to share their viewpoints. This forum was a huge success and was very informative for the students who attended. This was the first school board forum, but hopefully not the last.
