Baseball is not just a game to the boy's team. It is their number one priority. Even though they ended up short some games, baseball will always be in their hearts, and no one will be able to take away the pride or love of baseball from them. We will always support our baseball boys.

"Playing baseball is our life, we had a good season, and there was a lot of homeruns batted at the new field."

Bradley Davis

Leadership

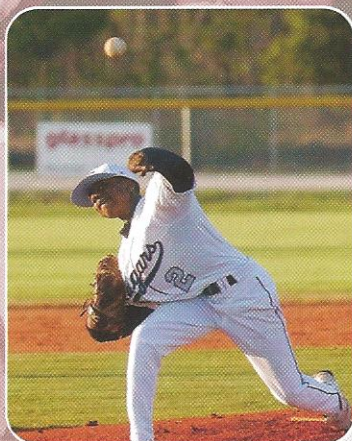

Dakota Crosby, 14

"No matter what happens, winning and losing is apart of the game. We may not always come out on top but we will over come it together."

Trey Singleton, 7

"Baseball is a great sport. This year has been fun and together we have grown and learned as a team. No matter the outcome, we can all say we learned."

Willis Dobbison, 2
