2010 Boys Soccer

"The 2010 season overall was a success. We won every game we expected to win and competed with every team in our region. Through our upper classmen leadership, we built a solid foundation for the year to come."

Coach Coker

Leadership

Stewart Bailey, 18

"Soccer is a will sport rather than talent. You have to be willing to give it all if you want to win it."

Shaquille Walters, 28

"Keep my head up, and look straight forward."

As our boy's team steals the ball, they manage to streak past their opponents and sneak the ball around the goalie. Yes! They scored! Soccer is their mind set. Ignoring the sweat that may cover their faces, their long term goal is to win the game, and to store soccer in their hearts forever.
