

# Aces IN

## Volleyball

"Although our record wasn't the best, we stuck together and stayed strong. We were more than a team, we were a family."

Amber Reeves

## Leadership

Ashleigh Fryar, 18

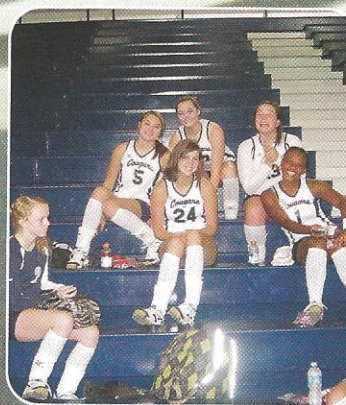

"I've been playing volleyball since the 7th grade. Volleyball helps me stay fit and out of trouble and volleyball rocks!"

Emily Hiott, 24

"Even though we didn't win many games, we always tried to play our hardest and never give up no matter the score."

When their first game of the season had began, they were ready to shut the other team down. They were sure that they were not going to go down and be defeated. As they played through their season, they were eager to win. The players thoughts were always positive and never negative. They hoped for a successful season, full of many wins.
