

# Sing *IN* to the World

Voices out of the crowd!

When it comes to singing, these students take it seriously. Between practicing at school and home, they spend a total of ten hours a week practicing. That may seem like a lot, but the Chorus members really enjoy being in Chorus and they love singing. Sure, it may seem nerve-wracking to perform in front of hundreds of people, but Ansley Hiers says, "Mrs. Drawdy prepares us very well." To a normal student, having to balance classes and Chorus may seem like an impossible task, but Mrs. Drawdy thinks differently about her students, saying, "the majority of my students are very studious. They care about their grades."
