

IN the line of duty

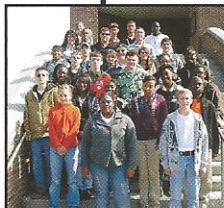

Demonstrating leadership
in and out of school.

Self-discipline, respect, integrity, honor, pride, and courage, these are the values of our NJROTC unit. They are a team, but they look over one another like a family. They have high standards, higher expectations, and they believe in hard work and being productive. Each cadet honors their uniform with pride. It is all thanks to Commander Armentrout, Gunner Williams, and Senior Chief Spofford. These teachers believe in their students as they go out into the world and do something with their lives after High School.
