"Play ball!" The 2011 baseball team was ready to roll this year with all the support from family, friends, and fans. Nothing could stop them on the road to victory. Everyone was so excited to get the season started. Through all the weightlifting, late night practices, blood, sweat, and tears, the boys were all pumped up to defend the cougar den.

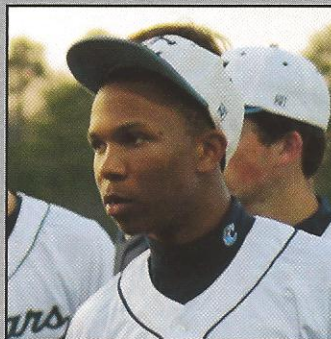

"I think the boys are very much improved than last year. Hopefully the results of hardwork and tough practices will equate to better wins and fewer losses."
