

As the Year Fades **OUT**

Another outstanding year has quickly come to a close, and anticipation for our summer adventures is through the roof. We entered into this year with many goals and wishes, and now we will leave it behind, tucked simply in our memories. Excitement for the new school is expected, but Colleton County High School, and the memories it holds will truly be missed. Goodbye Class of 2011, hello Class of 2015, and to the precious moments this year has held, you will be cherished.
