Newspaper

Newspaper is about the community, students and current events happening. The stories in the newspaper study more on the holidays happening that month. It lets you know about special dates, horoscopes, student artwork and sports. Bonnie Hunt said, "We try to find school news so other students can be aware of what's going on." With all the hard work put into The Blueprint, you would be dying to read the next edition!

Junior Jennifer Kirby says, "We educate the school on what's going on here and in the community." Jennifer liked to be involved in school activities.

Sophomore Shyann Donoho says, "We brainstorm about things, make calendars, put stuff on pages and send them off to be made." Shyann wants to be a writer in the future.

This is what Newspaper means to these students! Brent Rogers, Jennifer Kirby, Leon Williams, Lidia Olmeda, Whitney Carden, Shyann Donoho, Bonnie Hunt, and Emily Stone.

SOPHOMORE WHITNEY CARDEN said, "We relate stories to things, and that's where we get our information we put in the Newspaper." She likes to write. Whitney likes learning about the current events.

FRESHMAN LIDIA OLMEDO says, "We hear about what's going on around our school and community. We also get information from the internet." Lidia chose Newspaper to open up and try something new.

SENIOR BONNIE HUNT said, "I chose this class because I was in creative writing and my teacher told me to go talk to the Newspaper teacher Mrs. Brown." Bonnie loved to write, so Newspaper opened an important door.
