-having or showing great intelligence, talent, and quality

## NHS

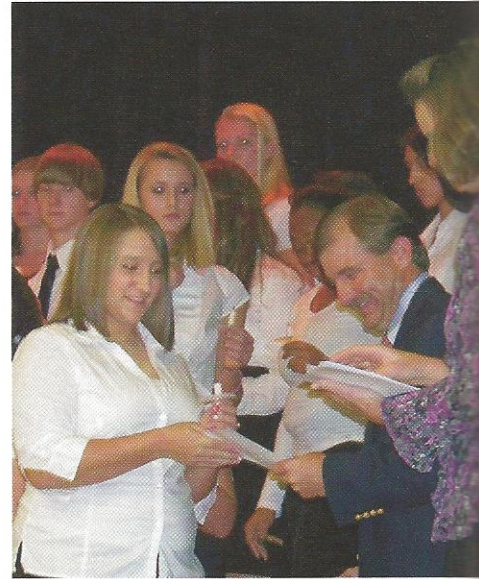

"The National Honor Society has been a great way for the student to get involved in the community." said Senior Emily Delaney. This year a handful of juniors and seniors were selected to be inducted in the National Honor Society. During the induction ceremony these students gave an oath to serve their community and the people in it. Throughout the year the students have participated in many organizations such as Adopt a Highway, Special Olympics, The American Red Cross Blood Drive, and many others. Senior Camden Wiggins stated "My favorite part of NHS is when I get to help people." By participating in the club these students have had many opportunities to become involved in their community.

As the president, senior, Bailey Stone explains "The best part of NHS is the service aspect and the ability to grow as a person."

**TOP Left** - As a member of the National Honor Society, senior, Emily West takes the role of the Historian. "I take pictures" says Emily as she explained how she documents the events that NHS is involved in.

**TOP RIGHT** - Junior, Kristin Roberts, was one of few students selected to be inducted into the National Honor Society. "I have liked getting involved and doing community service," Kristin explained when asked what the best part of being in NHS was.
