

Who is your favorite opposing team play?

Senior John Payne

"My favorite opposing team to play would have to be Wade Hampton. It's always a really physical game, and with my position, it requires a lot of thought."

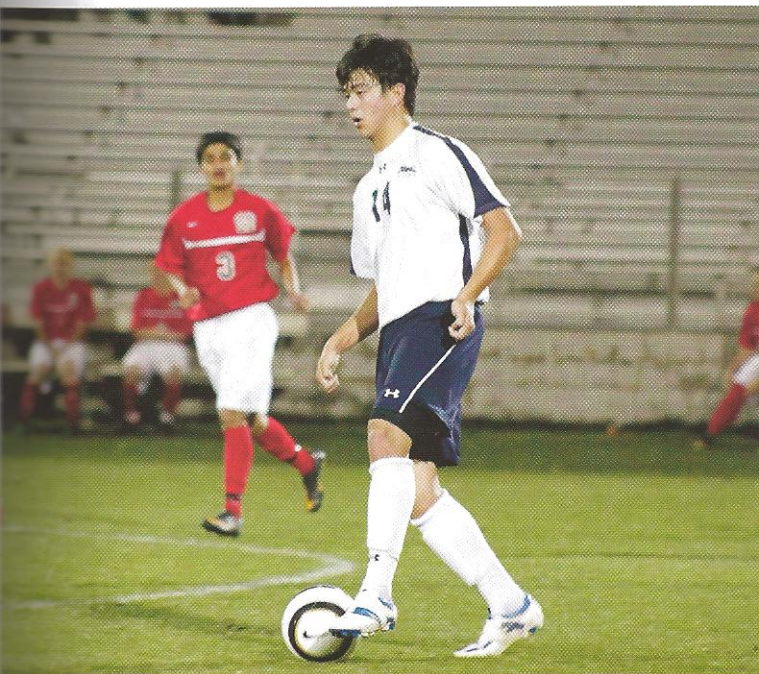

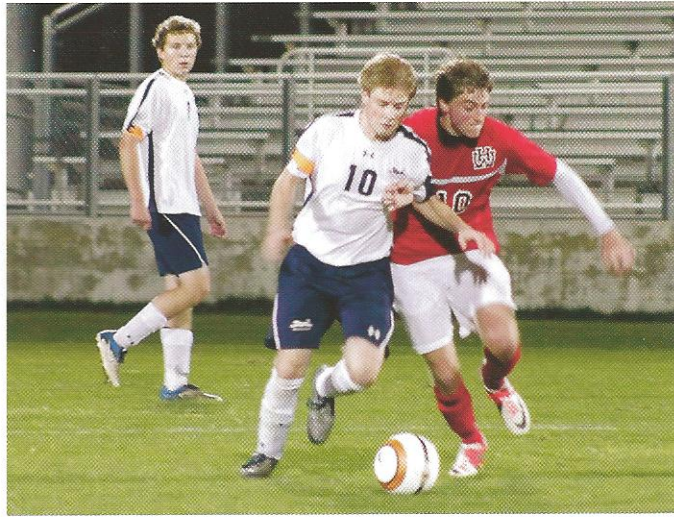

Junior Stewart Bailey

"My favorite opposing team to play is Fort Dorchester because it's like a rivalry match. Even though they are really good, we always play our best against them."

Senior Jason Cortes

"I think that Summerville is my favorite opposing team to play. It's always a tough game and it's like we're killing ourselves to win. It's just an over all good game."

Top Left Sophomore Thomas Dessoie is on a break away going towards the goal. Thomas said, "My favorite thing about soccer season is playing the game and having fun with the guys on the team. I think we're going to do well this season; we have been working hard."

Top Right Senior Jarrett Ritter is "challenging" an opposing player. "My favorite opposing team to play would have to be Wade Hampton. It's a real physical and tough game. It was also our first game of the season," explained Jarrett.

Left Junior William Reeves is making a pass to one of his teammates, hoping to assist a goal. "Soccer season is great because I love playing with the team and I enjoy all the competition that comes with the game. If there was one rule I could change it would have to be the rule about passing to our keeper and him not being able to pick up the ball," said Will.
